

THE BARN GARDEN

Tom and Sue Stuart-Smith

A Beautiful Christmas Gift...

The Barn Garden is a 'must' for all those who applaud and appreciate the value of the long-term relationship between garden and gardener.

The Barn Garden tells the story of creating a garden from scratch over a 23 year period. The celebrated Garden Designer, Tom Stuart-Smith and his wife Sue write about the growth of their own garden and the changes and developments it has undergone over the years. The book gives an insight into Tom's ideas about garden design as well containing a detailed section on planting. The book also includes many beautiful photographs (64 pages) of the garden at different times of the year by Marianne Majerus and Andrew Lawson.

**Tom
Stuart-
Smith –
Designer**

Tom's
amazing
designs

have won him 7 gold medals at the Chelsea Flower Show, including a Trentham joint garden with Laurent Perrier in 2005, and most recently with this year's overall best in show. Tom has been working with Trentham for 9 years - his imaginative planting scheme for the Lower Flower Garden with in excess of 100,000 choice perennials and bulbs.

The Barn Garden is Tom and his wife Sue's articulation of the ideas and effort required over the years to nurture and develop their garden to become one of England's quintessential examples of old and new horticulture.

... Supporting New Ways

Tom and Sue's son Harry spent four months in Turkana this year working with the projects that New Ways supports. They have very kindly donated to New Ways a limited number of copies of the book where 100% of the proceeds will go to help fund the projects in Turkana!

Harry worked at Lobur in Turkana during his gap year where some of the most ambitious agricultural projects have been established and also in the nearby nursery at Nakinomet. He is now studying medicine at Imperial College, London.

NEW WAYS WRIST BANDS

A Great Christmas Gift for all...

The New Ways wrist band debuted at the Annual Ball in November...and was an instant success!

This year has been a difficult time in Turkana due to the drought which left many short of food as there has been very little rains for 2 years. This promoted a friend to donate these lovely New Ways bracelets. We are selling them for £5 each to represent the cost of feeding child in Turkana for a month. They carry the tag Break the Chain and we want to break the chain of poverty and malnutrition. It will make a great stocking filler.

I wish to order the following:

ITEM	COST	NUMBER	TOTAL
